

United Way of the
Greater Dayton Area

Be a Champion for Your Community 2005 United Way Campaign

Show your pride and compassion as a Champion for your community. By contributing 1% or more of your income, you help more than one person or one charity. Through the United Way, you help to support a network of vital programs and services our community needs to improve people's lives and thereby, make this a safer, healthier community.

Campaign Coordinators: Recognition is a personal issue, and some people may wish their gifts to remain anonymous. Please ask those employees at your organization who donated 1% or more of their earnings if they would like to receive printed recognition. If they would like their names to appear in a future issue of the Dayton Daily News, add their names to the enclosed form and return it with your pledge cards to your United Way staff person or mail directly to me at the address below.

COMPANY NAME: _____

Please list below the names of your employees that qualify for the Champion's Club for inclusion in the recognition ad.

1. _____
2. _____
